

## Upgrade Your Home With Stone Before The Holidays

**L**ooking to upgrade your home before the holiday entertaining season? Did you know that you can transform your kitchen, bathroom, or fireplace with beautiful stone - like granite, marble, or even onyx, in as little as a week? That means your dream look can indeed be a reality well before it's time to welcome your Thanksgiving guests.

The exotic, unique and polished appearance of stone, combined with it's durability, is unmatched. Stones like granite, marble, travertine, and onyx are perfect choice for countertops, vanities, tub surroundings, showers, and other surfaces, as they provide luxurious accents to any décor, and are versatile, easy to clean, and uphold their beauty and quality for a lifetime.

The colors and styles of stone vary greatly - from

earthy tones to vibrant hues, or from speckled and veined to smooth and uniform. Combine this with your favorite edge style, like Ogee or Cove Dupont, and your options are unlimited.

To insure that your installation process is on time and hassle-free, choose a quality company that imports, fabricates and installs, and has a local showroom where you can actually touch, feel, and choose your stone of choice in person. In summary, find one partner that does it all. Dealing with one source and no "middle men" or "sub-contractors" both simplifies and accelerates the process.

Colonial Marble and Granite is one of the fastest growing providers and installers of stone materials in the Northeast, with a focus on quality workmanship, unparalleled customer service and excellent prices. Choose the right look for your home from more than 4,500 slabs in over 450 colors in the new Colonial Marble and Granite showroom in King of Prussia soon.
